UVPOT is a patented product
with registered trademark of OptoLED Co., Ltd.

UVPOT是OptoLED Co., Ltd.
注册专利并申请商标的产品。

- Make sure to read this manual carefully before use.
- The drawings in the manual may not be identical to the actual product and may be partly modified without notification for performance improvement.
- Visit the UVPOT website (www.uv-pot.com) to access the product information and detailed manual.
- 请在使用前一定要仔细阅读本使用说明书，要安全使用本产品。
- 产品可能与本说明书上的图片不同，请以实物为准。为提升性能，在没有预告的情况下产品可能会改善部分功能。
- 访问UVPOT网站(www.uv-pot.com)就可以浏览产品信息、详细说明书等内容。

Product Configuration and Specification

产品构成及规格

UVPOT is a portable sterilizer using UV LED.

UVPOT是使用UV LED的电池充电式便携式杀菌器。

Package and Size (mm)

产品构成及尺寸(mm)

Product name	Portable sterilizer
Model	Clean-B4-LU
Method	UVC LED sterilization
Interface	Micro USB (5pin)
Material	PC, Silicone
Certificate	Patent: No. 10-1594851 KC certificate: R-R-O3P-CLEAN-B4-LU

产品名	便携式杀菌器
型号名	Clean-B4-LU
杀菌方式	UVC LED杀菌
Interface	Micro USB (5pin)
材质	PC, Silicone
认证	专利：第10-1594851号 KC认证：R-R-O3P-CLEAN-B4-LU

Product Name
产品名称

UVPOT

SALLY STAND

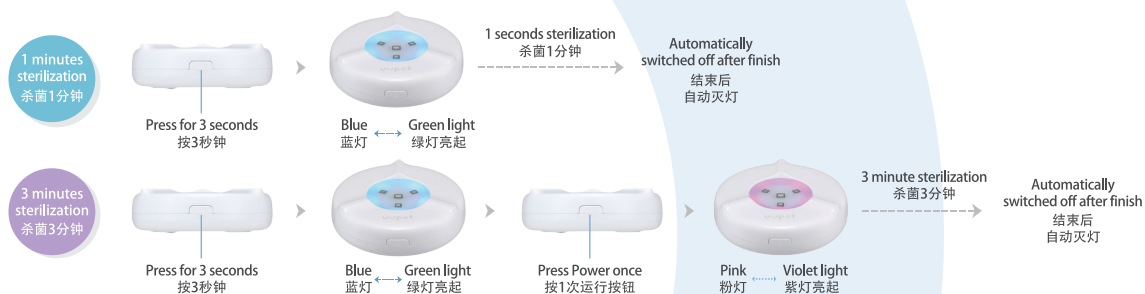

POLLY STAND

Number 编号	Name 名称	Function 功能
①	UV LED	Discharges powerful UV wavelength with strong sterilizing power 发出强大杀菌力的UV波长部位，即直接杀菌的部位
②	Display 运行状态显示器	Displays power on/off, 1-min/3-min mode, charging 显示电源On/Off、1分钟/3分钟模式、充电
③	Power Button 运行按钮	Switch on/off, select 1-min/3-min mode 切换On/Off、1分钟/3分钟模式
④	USB Port	Micro USB (5pin) charging Micro USB (5pin) 充电
⑤	Sally Stand	UVPOT stand / Foldable and portable / Protects from UV rays 杀菌器支架 / 可折叠 / 方便携带 / 隔离UV光线
⑥	Polly Stand	UVPOT stand / Sterilize many an once / Protects from UV rays 杀菌器支架 / 大容量消毒 / 隔离UV光线

- We recommend using the UVPOT stand.
- 建议使用UVPOT STAND。

How to Use 产品使用

Recommended Use 推荐使用

1-min mode (blue, green light): for direct sterilization or on Sally stand
 3-min mode (pink, violet light): on Polly stand
 ※ The closer you place the object to the UV LED, the stronger sterilization will be.
 1分钟模式（蓝灯、绿灯）：直接杀菌或是使用Sally stand时
 3分钟模式（粉灯、紫灯）：使用Polly stand时
 ※ UV LED和杀菌部位越近，杀菌能力越强。

UV safety sensor UV安全感应

UVPOT has a UV blocking sensor for human protection.
 If you tilt at 80 degrees or higher, the UV LED will automatically turn off.
 When a user holds it in his hand and heads toward the human body, the UV LED does not turn on.
 It is not a product failure because it is a normal operation.

UVPOT设有防止紫外线的感应器，用于保护人体直接受到伤害。
 当UVPOT倾斜80度以上(含)，UV灯将自动关闭。
 当用户拿起UVPOT朝向人体时，UV灯将自动关闭。
 以上情形都属于UVPOT正常运作，并非产品故障。

Forced Stop (during operation) 强制停止（运行中）

At any point, you can force stop by holding down the Power button for about 3 seconds.
 不管在哪个运行阶段，运行按钮按3秒左右可关闭LED灯，并且停止杀菌。

Charging Battery

电池充电

Make sure to fully charge the battery if you are using it for the first time or have not been using it for a while.
购买产品后首次使用或者长时间放置后重新使用时，电池需要充满电。

Battery Display (when connected to power) 电池显示（连接充电器时）

Battery Display 电池状态指示灯

Battery Status 电池	Display 显示器上显示
0%	No light 无法亮灯
Less than 30% 不足30%	Red light when switched on; needs charging 打开电源时显示红灯后启动，需要充电
100%	Green light flickers 绿灯闪烁
Charging 充电中	Red light flickers 红灯闪烁

Efficient UV Sterilization (maintenance) 有效的紫外线杀菌（维护管理）

Make space

When using the UVPOT stand, make sure to secure as much space as possible between the device and object to be sterilized in order to ensure even sterilization.

确保空间

使用UVPOT STAND时，要最大限度地保持杀菌对象之间的间隔来确保光线均匀照射。

Keep dry

Remove moisture as much as you can before sterilization.

维持干燥状态

请尽量去除水滴后进行杀菌。

Charging (Red Flicker)
充电中（红灯闪烁）

Full (Green Flicker)
充电完毕（绿灯闪烁）

- For a new product, after being fully charged, it can be used 70 to 80 times continuously on 3-minute mode.
- For 5V, 1A charger, the charging takes about 2 hours.
- The charging time may vary according to the charger specifications.
- Due to the nature of lithium ion batteries, the battery life may get shorter after a long use.
- 新产品充电1次就可以70-80次的3分钟模式。
- 使用5V，1A充电器充电时大概需要2小时。
- 充电时间会根据充电器规格而不同。
- 锂电池的特性上，长时间使用时会缩短电池的寿命。

No overlap

Overlapping or folded areas will not be fully sterilized. Make sure not to stack cups or plates and direct openings toward the UV LED.

防止重叠

重叠或是摺在一起的部位无法接触光线，杀菌能力会降低。请不要将杯子或是碟子等物品摺起来，要将开口部位朝向UV LED方向。

Keep clean

To maintain efficient sterilization, make sure to keep the UVPOT (especially the LED area) clean at all times. After use, wipe it with a soft cloth.

维持清洁

要始终保持UVPOT部位（特别是LED部位）的清洁才能维持杀菌效率。使用后，请用柔软的布来进行擦拭。

Caution

安全相关注意事项

To prevent injury and/or damage, please make sure to comply with the following cautions.

这里标记的重要事项是为防止危害或是受伤的重要内容，请一定要遵守。

Warning 警告	Caution 注意
<ul style="list-style-type: none">• Avoid directly looking at the UV LED or contacting the UV rays with the skin. Direct exposure to UV LED light can be harmful to human body.• Do not touch the product or charger during charging with a wet hand.• Avoid contacting the charger connector or battery connector with conductive materials (metal, liquid, etc.)• Recommended operation temperature for this product is 0°C to 35°C and storage temperature -20°C - 50°C. Outside the recommended temperature, the product may be damaged and battery life shortened.• Do not dismantle, repair, or modify the product. Please contact the place of purchase or customer service center for repair.• Do not use the product in high temperature or near heating devices -Microwave, stove, sauna, electric heating mattress, inside car during summer, etc.• 请不要将UV LED直接照射眼部或是让紫外线接触皮肤 如果UV LED中发生的光线直接照射人体时会造成伤害。• 请不要用湿润的手触摸充电中的产品和充电器。• 要防止充电器连接部位或是电池连接端口接触导电物质（金属、液体等）。• 本产品的适当温度是0°C~35°C，适当的保管温度是-20°C~50°C 比适当温度高或是低时可能会损坏产品或是缩短电池寿命。• 消费者不要私自拆卸、修理、改造。出现故障时请向购买产品的销售店或是客户服务中心。• 请不要在高温环境或是火源附近使用产品。 -微波炉、暖炉、桑拿房、电热毯、夏季汽车内部灯	<ul style="list-style-type: none">• Make sure to plug out before cleaning or maintenance• Do not place any heavy or hot object on the product.• Do not apply shock or damage the product and/or battery• Do not use thinner, alcohol, or detergent spray on the product.• Do not scratch with metal scrubber• Make sure to keep babies, children, and pet away from the product.• Do not immerse the product in water.• Do not use natural rubber.• 清扫或是修理时一定要拔出充电插头。• 请不要在产品上面放置重物或是热物品。• 请不要向产品或是电池施加冲击或是毁损。• 禁止使用辛那、酒精或是喷雾式洗剂。• 请不要用铁刷等金属物品挂本产品。• 请防止儿童或是宠物舔或是撕咬本产品。• 请不要将本产品放入水中。• 请不要消毒天然橡胶。
<div> Warning 警告</div> <div>If ignored, it may result in death or serious injury. 违反时可能会导致死亡或是重伤。</div>	<div> Caution 注意</div> <div>If ignored, it may cause injury or property damage. 违反时可能会引起受伤或是财产损失。</div>

The background of the slide features a series of overlapping, wavy, translucent bands in shades of light blue, teal, and pale yellow, creating a sense of depth and movement. Centered on this background is the 'uvpot' logo, which is rendered in a dark grey, pixelated, monospace-style font.
